## GLOMEASY LINE

### RG8X LOW LOSS COAXIAL CABLE (50 OHMS) WITH PRE-INSTALLED FME CONNECTOR FAST FITTING – NO SOLDERING – NO CABLE CUTTING

**RG8X low loss (50 Ohms) coaxial cable** - Choose the length of the low loss coax cable you need. Each cable has a pre-installed professional high-quality and rugged **FME connector** on both terminations

Cavo coassiale a bassa perdita RG8X (50 Ohms) - Scegli la lunghezza di cui hai bisogno del cavo coassiale a bassa perdita. Ciascun cavo ha il **connettore FME** preinstallato su entrambe le terminazioni

Câble coaxial à faible perte RG8X (50 Ohms) - Choisissez la longueur du câble coaxial à faible perte. Chaque câble a un **connecteur FME** de haute qualité et robuste préinstallé dans les deux terminaisons

RG8X verlustarmes Koaxialkabel (50 Ohms) - Wählen Sie die Länge des verlustarmen Koaxkabels. Jedes Kabel hat einen vorinstallierten, hochwertige und robusten **FME-Stecker**

Cable coaxial de baja pérdida RG8X (50 Ohms) - Elija la longitud necesaria del cable coaxial de baja pérdida. Cada cable tiene un **conector FME** preinstalado en ambos extremos

Cabo coaxial de baixa perda RG8X (50 Ohms) - Escolha o comprimento do cabo de baixa perda coaxial. Cada cabo tem um **conector FME** de alta qualidade e robusto pré-instalado

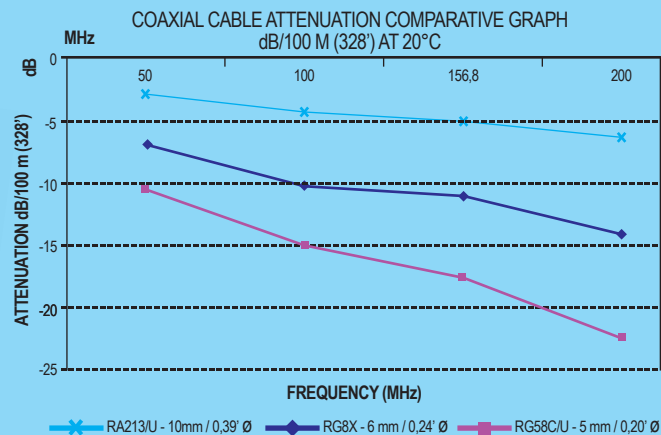

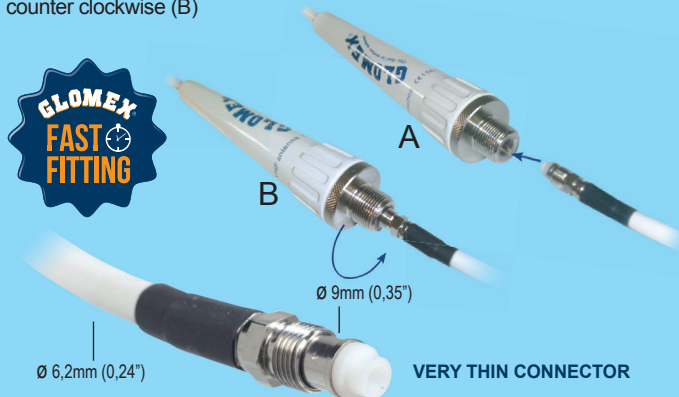

RG8X Lav Motstandskabel (50 Ohms) - Velg ønsket lengde på coax kabelen du trenger, kablene leveres ferdig med robust **FME kontakt**

RG8X 低损耗同轴电缆线 (50 Ohms) - 选择你所需要的低损耗电缆线的长度。每条电缆线都必须有一个高品质，坚固的**FME接头**。

### FIXING INSTRUCTIONS

Fit the FME connector on the antenna termination (A) and screw the nut counter clockwise (B)

### RG8X COAXIAL CABLE IS AVAILABLE ON DIFFERENT LENGTHS

**3mt / 10'** coaxial cable  
code RA350/3FME

**6mt / 20'** coaxial cable  
code RA350/6FME

**12mt / 39'** coaxial cable  
code RA350/12FME

**18mt / 59'** coaxial cable  
code RA350/18FME

**24mt / 78'** coaxial cable  
code RA350/24FME

**30mt / 99'** coaxial cable  
code RA350/30FME
